1<sup>st</sup> December 2020

Dear Parents/Carers,

We are inviting you to Class Dojos as a trial in Year 4. As a school we have been using Class Dojo since March to celebrate our school values and good learning behaviours. We are now looking to enhance this platform further, allowing us to set home learning challenges and give whole class feedback about what we have been learning.

This year has been turbulent and home learning as a result has been challenging to implement. We believe this platform has the potential to solve this problem and will allow the children to interact with their home learning and submit photographs of work completed at home.

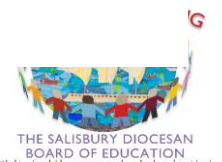

When you sign up, you will be invited to set up a parent profile where you can see how many positive dojo points your child has received that day. You will also be alerted to 'activities' set by the class teacher. To complete the home learning, you will also need to create a child dojo account which links to their class. This is where the children will be able to interact with their teacher and access all home learning tasks set.

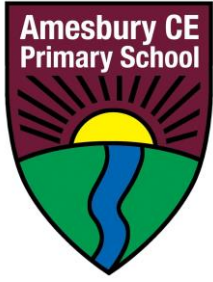

Class Dojos does have an inbuilt messaging app; however we will not be utilising this feature and any correspondence will need to continue to go through the office or the adult at the gate.

Please see attached information on how to install the app on android and apple devices, as well as on your computer.

Many thanks,

Miss Jenkins, Miss Clowes and Mr Grace

When you use the link you will be prompted to create an account or login to an existing account. You then enter your child's name to request to connect to a particular class.

Longleat Link: <https://www.classdojo.com/invite/?c=CEWREZD>

Wardour Link: <https://www.classdojo.com/invite/?c=CUPE2NW>

Barbury Link: <https://www.classdojo.com/invite/?c=CXN9PDZ>

## Join our class

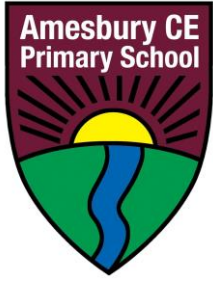

**Ms. Mentor**  
Reading

Enter your child's name

The connection to the child will then show pending on the parent side until the teacher approves the request.

Apple and Android:

When parents use the link they will be prompted to create an account or login to an existing account. They will then enter their student's name to request to connect to a particular student in your class.

The class owner will receive a notification about the connection request and can approve or deny the request.
